

Paper Planes

Products and Services

We are the greatest supplier of paper and designs to paper plane enthusiasts in the world. We achieve this by offering the best paper, delivered daily or on demand, together with access to world leading designs.

Subscription Services

Every client, regardless of whether they are a business, school or individual, is encouraged to open a subscription account. This is to ensure they receive monthly support, with the newest paper and ongoing access to our design website. Every subscription service receives these two benefits.

Basic Subscription

As a member of our basic service, clients are charged \$200 AUD per month and receive access to our design website, and 10 sheets of our newest highest grade paper, delivered monthly to their postal address.

Elite Subscription

As a member of our elite services, clients are charged \$550 AUD per month and receive access to our design website, and 10 sheets of our newest highest grade paper, delivered monthly to their postal address. By becoming an *elite* member, they also receive access to the newest designs three months before basic members, and they receive access to the newest, high-grade paper one month before basic members. They also receive a 10% discount on all one-off paper purchases

Paper Products

Clients can purchase paper - on demand - via the call centre or website. The paper available will be the previous month's supplies, and will only be available until the stock has run out. We charge our clients a fixed cost of \$300 for 10 sheets. The 10 sheets must be of the same stock; so if a client wants two different designs, they are required to purchase 20 sheets for \$600. Delivery is included in the cost of sale. Elite members receive a 10% discount.

Enterprise, Small Business, Schools

We treat all our clients with the same approach regardless of whether they are a school, enterprise, small business or individual. We do encourage that these groups take out multiple subscriptions to ensure they receive the correct amount of paper per delivery. For example, if a school requires 300 sheets, they are required to have 30 basic (or elite) subscriptions. These groups do not receive discounts.
